

Immunization Update 2009

Activity Description:

This knowledge-based continuing pharmacy education activity will provide pharmacists with the most current information that will allow them to make recommendations for immunization of their patients

Learning Objectives:

Upon successful completion of this activity, pharmacists should be able to:

1. Use updated guidelines for seasonal and pandemic influenza immunizations to recommend vaccination
2. Educate patients on recommendations regarding the H1N1 vaccine
3. Discuss the evidence for pneumococcal polysaccharide vaccine for smokers and those with asthma
4. Describe the risk of pertussis in adults and the current recommendations for immunization
5. Describe the risk of zoster in adults and the current recommendations for immunization

Target Audience:

Pharmacists

Faculty:

Mary S. Hayney, PharmD, MPH, BCPS
Associate Professor of Pharmacy
University of Wisconsin School of Pharmacy

Faculty Disclosure:

Dr. Hayney reports she is on the speakers' bureau for Merck Vaccines.

CPE Credit:

To obtain 1 contact hour of continuing education credit (0.1 CEU), please complete the exam and evaluation located in your online portfolio. A CE Statement of Credit will be automatically generated upon achieving a passing grade of 70% on the 10-question exam and completion of the activity evaluation. (CEI provides you with two (2) opportunities to complete the exam.) You may print this CE Statement of Credit; it will also be stored in your online CEI portfolio for you to retrieve a copy at any time.

Activity release date: August 10, 2009

Activity expiration date: August 10, 2012

The Collaborative Education Institute is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This is a knowledge-based CPE activity.

Universal Activity Number (UAN) #107-000-09-090-H01-P
0.1 CEUs/1.0 Hrs.

Activity Format and Technology Requirements:

This activity includes viewing the PowerPoint presentation while listening to the audio provided. You may print the handouts associated with this activity prior to viewing. To ensure the highest quality delivery of this activity, a reliable high-speed internet connection is required. You may experience problems with some wireless connections where signal strength is variable or low.

Financial Support:

The Collaborative Education Institute worked collaboratively with Drug Store News as an education partner on this activity. Drug Store News received an educational grant from CSL Biotherapies to deliver this activity to pharmacists.

Activity Fee:

An activity fee of \$30.00 will be assessed for participation.

If you would like to participate in this continuing pharmacy education activity, please close this window and proceed to REGISTER.
