

mmunization Update SERIES

The Collaborative Education Institute has developed two knowledge-based CPE activities on immunization updates:

mmunization UPDATE

Available Now!

Providing pharmacists who administer immunizations with the most current information on new developments in immunization administration and recommendations.

&

mmunization Novel H1N1

Available by 9/15/09!

Providing pharmacists who administer immunizations with the most current information and recommendations regarding novel H1N1 influenza.

By selecting the Immunization Update Series
you will receive both programs
at a reduced rate of \$50.
(This is a \$10 savings)

To register for the Immunization Update Series
go back and click on Register to start both programs!
