

Managing Drug Interactions with Warfarin

Activity Description:

This knowledge-based continuing pharmacy education activity will provide pharmacists with information about the clinical significance of drug interactions with warfarin and strategies for minimizing risks.

Learning Objectives:

Upon successful completion of this program, *pharmacists* should be able to:

1. Identify factors that contribute to the high prevalence of warfarin drug interactions.
2. Describe the typical time course for warfarin drug interactions.
3. Describe mechanisms for warfarin drug interactions.
4. Discuss various types of drugs or drug classes that are known to interact with warfarin.
5. Discuss strategies to manage warfarin drug interactions and minimize risks.

Target Audience:

Pharmacists

Faculty:

Patricia Howard, PharmD, BCPS, AQCVP, FCCP
Professor and Vice Chair
University of Kansas School of Pharmacy

Faculty Disclosure:

Dr. Howard reports she has no actual or potential conflict of interest in relation to this activity.

CPE Credit:

To obtain 1 contact hour of continuing education credit (0.1 CEU), please complete the exam and evaluation located in your online portfolio. A CE Statement of Credit will be automatically generated upon achieving a passing grade of 70% on the 10-question exam and completion of the program evaluation. (CEI provides you with two (2) opportunities to complete the post-program exam.) You may print this CE Statement of Credit; it will also be stored in your online CEI portfolio for you to retrieve a copy at any time.

Activity release date: August 10, 2009

Activity expiration date: August 10, 2012

The Collaborative Education Institute is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This is a knowledge-based CPE activity.

Universal Activity Number (UAN) #107-000-09-088-H01-P 0.1 CEUs/1.0 Hrs.

Activity Format and Technology Requirements:

This activity includes viewing the PowerPoint presentation while listening to the audio provided. You may print the handouts associated with this activity prior to viewing. To ensure the highest quality delivery of this activity, a reliable high-speed internet connection is required. You may experience problems with some wireless connections where signal strength is variable or low.

Financial Support:

The Kansas Foundation for Medical Care provided in-kind support for the development of this activity.

Activity Fee:

An activity fee of \$10.00 will be assessed for participation, or you can enter the access code provided to you through your state's Quality Improvement Organization (QIO) in the space provided on the registration page.
