

HIV Update 2009

Activity Description:

This knowledge-based continuing pharmacy education activity will educate pharmacists and pharmacy technicians on the latest updates in treating HIV with antiretroviral agents.

Learning Objectives:

Upon successful completion of this program, *pharmacists* should be able to:

1. Explain the goals of treatment of HIV.
2. Design an appropriate antiretroviral regimen based on the current guidelines.
3. List a key adverse effect for each of the newer antiretroviral agents.
4. Suggest methods to prevent adverse effects.
5. Identify monitoring parameters for each of the newer antiretroviral agents.

Upon successful completion of this program, *pharmacy technicians* should be able to:

1. Indicate the goals of treatment of HIV.
2. Recognize an appropriate antiretroviral regimen based on the current guidelines.
3. List a key adverse effect for each of the newer antiretroviral agents.
4. Recognize methods to prevent adverse effects of antiretrovirals.

Target Audience:

Pharmacists and pharmacy technicians

Faculty:

Dena Behm Dillon, Pharm.D., AAHIVE

Consultant

Iowa MATEC (Midwest AIDS Training and Education Center)

Faculty Disclosure:

Dena Dillon reports she has no actual or potential conflicts of interest in relation to this program.

CPE Credit:

To obtain 1 contact hour of continuing education credit (0.1 CEU), please complete the exam and evaluation located in your online portfolio. A CE Statement of Credit will be automatically generated upon achieving a passing grade of 70% on the 10-question exam and completion of the program evaluation. CEI provides you with two (2) opportunities to complete the post-program exam. You may print this CE Statement of Credit; it will also be stored in your online CEI portfolio for you to retrieve a copy at any time.

Activity release date: March 13, 2009
Activity expiration date: March 13, 2012

The Collaborative Education Institute is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This is a knowledge-based CPE activity.

Universal Activity Number (UAN) #107-000-09-039-H01-P and 107-000-09-039-H01-T
0.1 CEUs/1.0 Hrs.

Activity Format and Technology Requirements:

This activity includes viewing the PowerPoint presentation while listening to the audio provided. You may print the handouts associated with this activity prior to viewing. To ensure the highest quality delivery of this activity, a reliable high-speed internet connection is required. You may experience problems with some wireless connections where signal strength is variable or low.

Financial Support:

The development of this activity and the CE Statement of Credit fees for the first 300 participants was funded through an educational grant from the Midwest AIDS Training and Education Center (MATEC). Information about this organization can be found at www.matec.info.

Activity Fee:

The first 300 CE Statements of credit will be issued free of charge, and are included in the grant from MATEC. After 300 pharmacists/pharmacy technicians have participated, an activity fee of \$10.00 will be assessed for participation.

If you would like to participate in this continuing pharmacy education activity, please close this window and proceed to REGISTER.
